

## The National HEPCAMP Association DC Internship

### Weekly Journal Entry

Name: Brayan Guillermo Garcia

Date(s): 7/29

As my time in Washington, DC, and with the United Farm Workers Association comes to a close, I was humbled and immensely grateful for this transformative experience. During my last week of the HEP/CAMP DC internship, I did not have many assignments. I have free time to reflect on my experience as a first-generation Latino to continue their post-secondary education and have obtained a prestigious internship this summer. I had trouble finding words to describe how positive this internship was for me. The knowledge I gained and the friendships I made will stay with me for a lifetime. I am filled with a renewed sense of purpose and determination to continue supporting my community
